## Executive Alumni – Success Story

**Mr. Ayush Agrawal**

**Executive Director**

**Mithila Group of Industries**

My time at TTRC has been an incredible journey of professional growth. I am thankful for the learning this institution has provided me. The professors are not only experts in their fields but also dedicated mentors who were genuinely invested in my success. After completing the TTRC Executive Course.

I diversified my business and ventured into export of FIBCs and WPP sacks. Five years, into it now we are a 2 star government recognised export house. I can confidently say that through my experience at TTRC, I have been able to gain the technical expertise about my products which immensely helped in achieving this recognition.

I am happy to note TTRC is starting quarterly Bulletin in digital format with specific information related to TTRC and a specific column for Executive Alumni, which will help many new generation entrepreneurs.
